ACOUSTIC PANEL
(WALL/ SUSPENSION)

KIT OF 3 OR 4
ACOUSTIC PANELS

CUPBOARD BACK
ADHESIVE OR MAGNET

Easy to install, the Quieto panel without frame brings a light and coloured design to spaces while significantly reducing the reverberation of sound in the room. In 2024, the Quieto range was enriched with new shapes, hanging systems and lighting!

QUIETO ROUND PANEL

SUSPENSION / WALL

What's new about this Quieto panel?

Available in a suspended version, with or without integrated lighting, it can now be wall-mounted with options:

- A system of spacers to add volume to your walls
- LED backlighting

QUIETO ROUND

Ø 700mm
Ø 960mm
Ø 1140mm
(Thickness ±40 mm)

QUIETO RECTANGLE

760 x 760 mm 780 x 1570 mm
760 x 1140 mm 1140 x 1570 mm
1140 x 1140 mm (Thickness ±40 mm)

PETALS KIT

What's new about
the Quieto kit?

From 1 to 4 kits!

The Petals kit, launched as a suspended ceiling version, now has some competition with the arrival of 3 new kits: Galaxies, Mosaics and Fans.

PETALS KIT

PETALS KIT - GALAXIES KIT

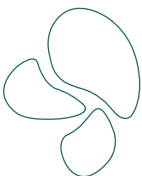

SUSPENSION / WALL

GALAXIES KIT

The **Petals** and **Galaxies kits** consist of 3 acoustic panels that can be hung or fixed to the wall using a magnetic system. Suspended version, with or without integrated lighting. Wall-mounted version with the following options:

- A system of spacers to give volume to your walls by installing the panels offset from each other.
- LED backlighting.

PETALS KIT

Average surface area:
±1200x1200mm
(Thickness ±40mm)

GALAXIES KIT

Average surface area:
±1000x1700mm
(Thickness ±40mm)

FANS KIT

FANS KIT - MOSAICS KIT

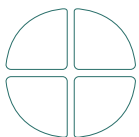

WALL

MOSAICS KIT

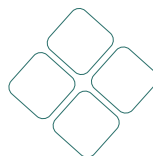

The **Fans** and **Mosaics kits** consist of 4 acoustic panels that can only be fixed to the wall using a magnetic system. The special thing about them is that you can create multiple compositions by playing with the way they are arranged.

They can also be offset from the wall and overlapped using the spacer system.

FANS KIT

Average surface area:
 $\pm 1000 \times 1000 \text{mm}$
(Thickness $\pm 40 \text{mm}$)

MOSAICS KIT

Average surface area:
 $\pm 1000 \times 1000 \text{mm}$
(Thickness $\pm 40 \text{mm}$)

QUIETOSTICK Cupboard back

What makes Quieto cupboard back?

It can be customised with the visual of your choice or with a fabric finish. Lightweight, it can be fixed to any flat surface using Velcro® adhesive strips on glass, plaster, wood and magnets on metal. So you can enjoy better acoustics and a more pleasant view than the back of a cupboard!
